

HANDS-FREE SANITIZER DISPENSER

Attis Healthcare remains committed to providing innovative solutions designed to help keep our communities safe and healthy. We are excited to introduce the Attis Clean hand sanitizer dispenser. This foot activated dispenser can be bolted to the ground for security and safety, and is ideal for sports venues, campuses, warehouses and essentially any high traffic area.

- Hands free foot activated design with spray dispenser
- Optional hand lever available for ADA compliance
- Steel construction for maximum durability
- Convenient space saving design
- 100% mechanical — no power or batteries required
- Drip tray and mist guard protective shield
- Attractive enclosure allows for customized colors and branding
- Locking feature assures that the sanitizer remains secure within the dispenser
- Made and assembled in the USA
